Dear Parent/Guardian,

As you may know, Memphis Delta Preparatory Charter School was identified by the Tennessee Department of Education as a Priority school in the fall of 2018, based on student achievement scores from the 2016-2017 school year. This means the school did not meet state accountability measures and district and school goals for student outcomes during that time.

Since then, our school has worked hard to improve outcomes for our students. We are excited by the growth we have seen over our past four years and looking forward to even greater growth during the 2020-2021 school year. While the current pandemic prevents us from having our usual open-door policy, we encourage you to observe and engage with your student during remote learning and to reach out to your students' teachers at any time.

Thank you for your continued support of our school community as we embark on a new year of student growth. Please feel free to contact us at any time with questions or concerns.

Sincerely,
